

## **CAT5/6 CABLE, CONNECTORS AND BEYOND**

**Course duration:** 1 hour

**Course cost:** This course is **FREE** to attend

This free hour long course is a basic introduction to structured cabling and Cat cables.

The agenda for the training is as follows:

- What Cat cable is, its uses and where it came from
- What the differences are and our suggested Cat cable for each application
- A brief explanation of 4K & HDR bandwidths
- How best to terminate & test cables
- The future?
