

INSDC3A

Power supply units

Power inserter with female F-connectors, maximum supply current 3A

Technical Chars

- It is used to **supply upstream power to a series of SCD2 multiswitches in cascade**; passing current between the ports of the multiswitches also allows the LNBS to be supplied.
- Can be used with any type of power supply, e.g. PSU1430F or PSU1830F.
- **Low insertion loss.**
- Broadband TV and Satellite operation (**40MHz - 2400MHz**).
- Compact size.

INSDC3A		
Code		287612
Inputs		1 SAT, TV
Outputs		1 SAT, TV
Dimensions and packaging		
Pcs		1
Packaging dimensions	mm - LxWxH	50 x 50 x 24,5
Packaging weight	Kg	0.046
Caratteristiche generali		
Working temperature	°C	-10÷+55
Dimensions	mm	50X50X17
