* With feet and back door

19" racks range for devices accommodation. They allow to optimize the space, bringing a compact and professional appearance. They include two cable management to the extra 2RU. **Made from steel**, an external and internal black coating is applied, that provide them a high resistance before scrapes or corrosion.

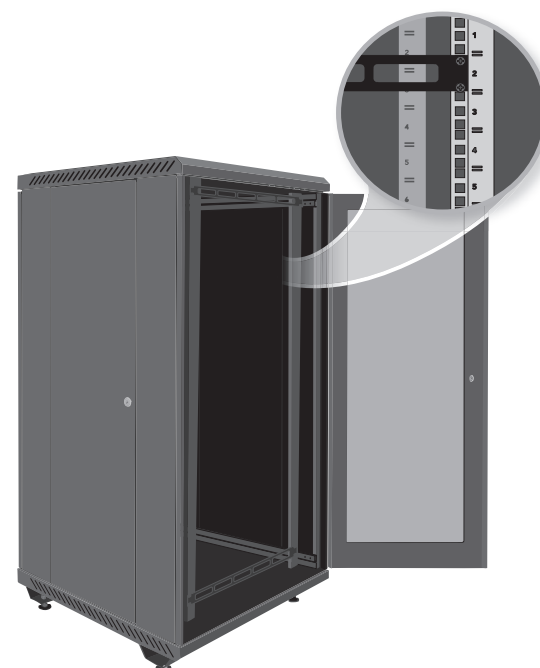

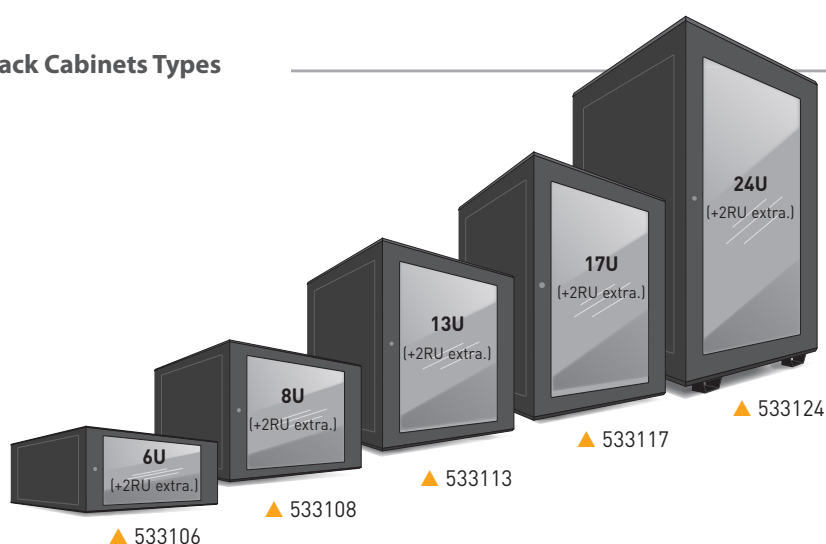

- **Tempered glass front door** with lock (reversible fit).
- **Upper and bottom adjustable covers** to the cable position needs.
- Easy-open and removable side doors (with hinges), so making the devices installation/ manipulation inside them easier.
- Adjustable side profiles in depth.
- **Two cable managements** are included.
- **Natural convection cooling with the option of forced ventilation (120x120mm).**
- Indoor installation (IP20).
- Made in **Europe**.
