

Making light work of fibre

Secure and reliable connectivity...

IP65 containment boxes: robust protection.

Compact design: maximises interior space.

Wall or pole mountable: versatile mounting options.

Anti-theft security: equipped with ace type key locks.

Ground isolation: ensures reliable performance.

Introducing the IP65 Rated Fibre Containment Boxes. Designed to provide secure and reliable containment for **up to 32-way splitters**. Its sturdy construction ensures optimal protection, performance and offers a **dependable solution for either cartridge or mini splitter management**.

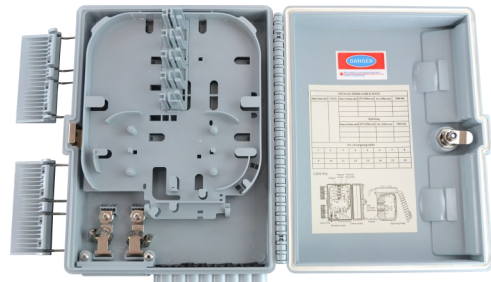

Our versatile boxes accommodate a range of PLC optical splitters, allowing scalability to meet specific needs. We offer two types of containment boxes: one is compatible with cartridge splitters and the other is compatible with mini splitters.

Enhance your network infrastructure with our containment boxes, offering a dependable solution for fibre management. Their robust rating, flexible configuration, and compact design make them ideal for different setups, including internal and external deployments.

32-Way Cartridge Version

BFBOX-CAR-32

16-Way Mini Splitter Version

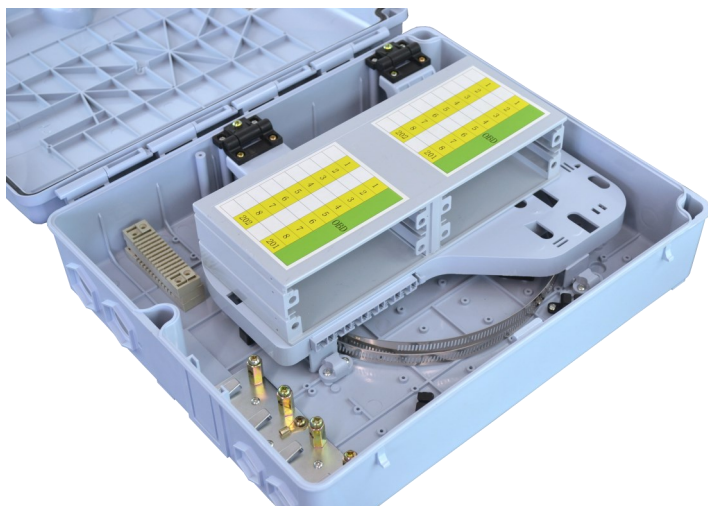

BFBOX-SPL-16

Applications

These Fibre Containment Boxes are perfect to be used in **FTTH networks** as they provides **solid protection and convenient management**. Their sleek design ensures a neat installation and internal components enable efficient cable organisation and can be mounted via wall or pole. These adaptable boxes also can be applied to **CATV, SAT-IF ad DTT distributions** and also **DOSIS data transmission**, making them the ideal organisational containment boxes.

Features

32-Way Cartridge Version

1 x 32-Way Cartridge

The dual 16-way configuration enables separate routing of fibres, potentially catering to different network segments or facilitating network segregation for enhanced security or performance requirements.

2 x 16-Way Cartridge

With a 32-way cartridge, the capacity to accommodate a large number of fibre connections in a singular unit is significantly increased, making it an optimal choice for high-density applications.

Tubular Key	✓	✓	✓

Making light work of fibre

Features

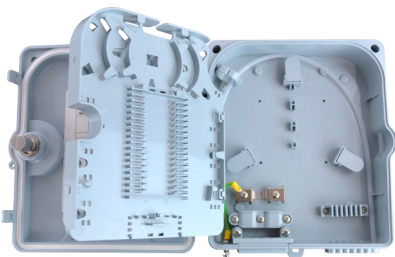

- IP65 Rated.
- Versatile mounting options.
- UV resistant.
- Ace type key locks.
- Ground isolation.
- Durable and compact.
- Efficient cable management.
- Interoperable.
- Comes in three varieties.

16-Way Mini Splitter Version

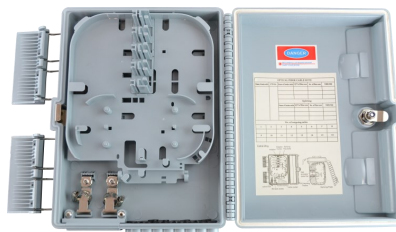

BFBOX-CAR-16

BFBOX-CAR-8	8-Way Full Fibre Cartridge Containment IP65 Suitable For The Cartridge Modules Up To 8-Way, 4-Way or 2-Way
BFBOX-CAR-16	16-Way Full Cartridge Containment IP65 Suitable For The Cartridge Modules Up To 8-Way or 16-Way
BFBOX-CAR-32	32-Way Full Cartridge Containment IP65 Suitable For The Cartridge Modules Up To 16-Way x2 or 32-Way

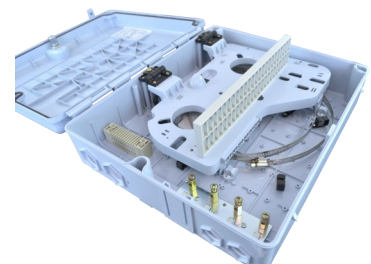

8-Way Mini Splitter Version

BFBOX-SPL-8

16-Way Mini Splitter Version

BFBOX-SPL-16

32-Way Mini Splitter Version

BFBOX-SPL-32

BFBOX-SPL-8	8-Way Full Fibre Mini Splitter Containment IP65 Suitable For the SC/APC Splitters Up To 8-Way, 4-Way or 2-Way
BFBOX-SPL-16	16-Way Full Fibre Mini Splitter Containment IP65 Suitable For The SC/APC Splitters Up To 16-Way
BFBOX-SPL-32	32-Way Full Fibre Mini Splitter Containment IP65 Suitable For The SC/APC Splitters Up To 32-Way

Attributes

8-Way Containment

	Cartridge	Mini Splitter
Product Code	BFBOX-CAR-8	BFBOX-SPL-8
Connector	Optical SC/APC	Optical SC/APC
Design	Cartridge (8 max)	Mini Splitter (8 max)
Dimensions	200 x 230 x 65mm	200 x 230 x 65mm
Insertion/Removal Cycles	>1,000 times	>1,000 times

16-Way Containment

	Cartridge	Mini Splitter
Product Code	BFBOX-CAR-16	BFBOX-SPL-16
Connector	Optical SC/APC	Optical SC/APC
Design	Cartridge (16 max)	Mini Splitter (16 max)
Dimensions	300 x 235 x 90mm	300 x 235 x 90mm
Insertion/Removal Cycles	>1,000 times	>1,000 times

32-Way Containment

	Cartridge	Mini Splitter
Product Code	BFBOX-CAR-32	BFBOX-SPL-32
Connector	Optical SC/APC	Optical SC/APC
Design	Cartridge (32 max)	Mini Splitter (32 max)
Dimensions	390 x 322 x 120mm	390 x 322 x 120mm
