Datasheet

PROXIMIY CARDS & TAGS/ METAL - Fob

Product description

The METAL is part of the range of MIFARE® tags & cards from CDVI to complement the reader technology chosen. From standard proximity to long-range and smart, our cards & tags offer flexibility for the management of the users.

The smart card and tags works with the MIFARE® technology, and are multi-use cards as they are able to share information on the card/tag for other user requirements (vending etc).
