

## Professional Trade Extension Ladders

---

[Representative image of product]

### Product Description

For professional & trade use. Ideal if you are looking for a top-quality ladder to use around the home or business. This professional-grade extension ladder is manufactured to the latest EN131 Professional standards and includes a stabilising bar that requires fitting before first use. Once fitted, the ladder cannot be used without the stabiliser bar. These ladders are not only lightweight to carry, but made from super strong aluminium giving you a stable platform that feels safer from which to work. The ladder has thicker box section stiles than cheaper alternatives, which makes the ladder stiffer, less likely to twist and longer-lasting. It is supplied with an extended 3-year warranty so you can expect to get many years of service from our top quality ladders manufactured here in the UK. Please note that due to the recent changes in standards, the sections of this ladder no longer separate.

### Features

- Commercial strength box section construction with twist proof rung joints
- Reduce fatigue with deep, comfortable D-shaped rungs
- Slip-resistant high traction rungs
- Stabilising bar supplied with ladder - requires fitting before first use
- Anti-slip rubber feet

### Specifications

- Brand: TB Davies
- Warranty: 3-year
- Max Load: 150kg
- Standard: EN131 Professional
- Material: Aluminium
- Commodity Code: 76169990
- Country of Origin: GB
- Recommended Usage: Regular

### Common Dimensions

- Rung Depth: 35mm
- Distance Between Rungs: 250mm

### Availability & Delivery

Stock item. Delivery next day.

(See exceptions, if applicable, overleaf)
