## Masthead 4G & 5G Filter · 1 Output

### SPECIFICATION

<b>Product:</b>	<b>FILT700</b>
No. Inputs	1
No. Outputs	1
Frequency	5-782MHz
Insertion Loss	5-778MHz ≤1dB
Insertion Loss	780-784MHz ≤6dB
Rejection 758-862MHz	≥20dB

<b>Product:</b>	<b>FILT700</b>
No. Inputs	1
No. Outputs	1
Frequency	5-686MHz
Insertion Loss	5-694MHz 3dB
Insertion Loss	694-784MHz 25dB
Rejection 758-862MHz	≥50dB

Filters unwanted signals in the 800MHz band blocking the 4G network transmissions allowing television signals. Is ideal to combat interference from 4G. The weatherproof housing can be mast or wall mounted.

# 75SERIES

## UHF VHF Combiner Splitter · 1 Output

### SPECIFICATION

<b>Product:</b>	<b>UDF100LTE</b>	
Inputs	VHF	UHF
Frequency Range MHz	85-230	470-790
Insertion Loss	<1.0dB	<1.5dB
DC Pass	-	12V 100mA
Out of Band Rejection	>35dB	>35dB

Masthead diplexer for combining UHF & VHF signals onto a single coax cable. 'Tried and tested' weatherproof housing and fully screened with F connections. DC pass on UHF for use with pre-amp.
