R6400 / R6600 Wall Mounts

450mm/18" & 600mm/24" Deep Wall Mount Rack Enclosures

With their solid high end construction, the R6400 and R6600 Series are a high quality solution for all of your AV and IT requirements at an affordable cost.

Ideal for smaller installations or for house systems, these rack enclosures ally convenience and aesthetic with its multiple features and stylish finish.

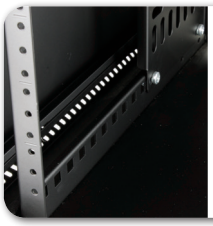
Many Standard and Custom Colors

Black | White | Blue | Green | Red | Gold | Silver

Vented Design
Designed with vents and hole patterns on the top to mount thermal management systems, as well as vents on top and base sides. It also comes with an optional vented front door.

Integrated Cable Management System
The R6400 & R6600 series comes standard with an integrated cable management bar to help you keep your installation nice and tidy.

Threaded Rack Rails
No more clip nuts. All our racks come with threaded rack rails marked units in order to ease the installation of any of equipment.
Available with M6 or 10/32 threads.



Adjustable Mounting Depth
The adjustable front and rear rack strips allow to change the mounting depth of the enclosure in order to adapt to any type of material.

Removable Side Panels
The R6400 & R6600 series comes with removable side panels with an easy slam lock opening and closing system. Optional side panels key locks also available, P/N: R40-R64-SDOOR-LOCK.

Lockable Front Door and Side Panels
The front door comes with a key lock system to avail any unwanted tempering. Replacement front door lock available P/N: R60-R64-DOOR-LOCK

1U Knockout Panels
Several 1U knockout panels on the top, base and bottom of the rack for cable managements or to set up fitted or patch panels.

Optional Castors and Adjustable Feet
An optional base with M8 threaded holes is available in order to easily mount castors or adjustable feet on the R6400 & R6600 series enclosures.
