

SafeClamp®

SafeClamp® incorporates strength, speed and style to provide a revolutionary ladder clamping system. SafeClamp® uses a composite beam structure and stainless steel anchor hook which offers high strength whilst providing excellent corrosion resistance.

The innovative one touch clamping method (patent pending) ensures that the operation is **5** times faster than traditional screw-down ladder clamps.

- Manufactured from tough composite materials
- Accommodates up to 3 nested ladder sections
- Locks Included / key lockable
- Excellent corrosion resistance
- Life cycle tested
